

A photograph of two hands, one from a darker-skinned person and one from a lighter-skinned person, holding a small, clear glass vial with a gold-colored cap. The hands are positioned as if presenting the vial. The background is a solid, dark blue color. The word 'HONEY' is written in large, bold, yellow, sans-serif capital letters across the middle of the image, with a registered trademark symbol (®) to the right of the 'Y'.

STAY POLLINATED

At HONEY® BRANDS, we strive to provide the very best cannabis products possible. This means emphasizing the diverse profile of cannabinoids and cannabis derived terpenes found within the living plant. It can be easy to focus on THC and CBD by themselves, but we miss out on the impactful “ensemble effect” (aka entourage effect) of cannabinoids, terpenes and other phytocompounds. Thanks to our our proprietary processes, we stay true to the authentic strains we offer and minimize the loss of essential phytocompounds during processing in every product we make.

HONEY®
